Not sure if you already hung up when I said this.... But I was able to find the PADEP contact I last spoke to about the site and sampling.

See below.

I resent it to Don with the Township while on the call today.

Thanks

Myles

Myles, thank you for the introduction.

Don, I will keep you informed of when we formally schedule the sampling. Let me know if you have any questions on our side.

Hey Don,

I hope you are doing well. I have CC'd Lena Harper on this email. Lena is with PADEP and is working on scheduling sampling of the monitoring wells at Tank Car. I asked her to keep the township in the loop given the history of public interest.

Lena, Don is the Town Manager and has been extremely helpful in all the events surrounding the Site.

Thanks to you both. As per usual, let me know if you have questions.

Myles
